

BALANCED DEVELOPMENT

World Government focuses on the even progress of the terraformation process of Venus and Mars which may not appeal to everyone.

ORIGINAL MISSION SUPPORT

Receive 2M€ for each Mars tag you own (max. 5 + influence).

Pathfinders - fan made

CONSTANT STRUGGLE

Space is an unforgiving environment where a small mistake or accident can result in large failure, injury or death. Isolation and stress can result various psychological problems and disorders. Humans and their wellbeing is equally important as developing new technologies.

SOCIAL INVESTMENTS

Pay 10M€, reduced 1M€ for each influence. Rise the planetary track of **Venus, Earth, Mars and Jupiter** 2 steps each.

Pathfinders - fan made

TIRED EARTH

The development of industry for generations focuses on expansion in the solar system, forgetting about its negative effects on Earth.

RESTORING ECOLOGICAL BALANCE

Lose 1 plant for each Earth tag you own (max. 5, then reduced by influence).

Pathfinders - fan made

MAGNETIC FIELD STIMULATION DELAYS

It was known from the beginning that Mars' weak magnetic field would be a problem for the terraformation process. Delays in its proper stimulation have tragic effects.

ATMOSPHERE ESCAPE

Lower temperature and oxygen 2 steps (- 4°C and - 2% O₂).

Pathfinders - fan made

COMMUNICATION BOOM

The huge demand for electronics and communication systems for the new space infrastructure has caused some companies to lower their security standards.

CYBERSECURITY

Pay 10M€. Add 2 data to **every** card. Add 1 data to any card for every influence.

Pathfinders - fan made

SPACE RACE TO MARS

In competitive environment between various corporations motivations might vary. Some want to be apart of a greater Mars vision, while others seek for glory (being first), or scientific endeavours. All of this sparks ingenuity and flair of the New Space Race.

SPECIALITY PROJECTS

Increase your M€ production 1 step for every special tile you own (max. 5). Receive 1 energy for every influence.
